

Dear Guests, dear Sorores,

It's done!

We are happy to announce the charter ceremony of our club Witten-Ardey in foundation after 2 years of preparation. We are proud to become the 213th club of Soroptimist International Germany by this touching ceremony. At the same time we are happy to get to know our guests and sisters of other clubs and regions, to have an inspiring mutual exchange of ideas in order to develop the network of "Best Sisters" as well as to enhance the soroptimist idea. Welcome to our charter ceremony!

Our Project

Instead of presents we would be happy to get donations in order to give sustainable support for the work of the "Help-Kiosk" in Witten. This very special refugee relief was organized by a non-party alliance and the refugee initiative of the University Witten/Herdecke. They organize everything refugees need: from tables and chairs to membership in sport clubs or help to do the shopping or in connection with public authorities. "We are part of a network and supplement of public offers of our town and other organizing institutions" says Lilo Dannert, initiator and club member. "It is our aim to establish a culture of welcome, to facilitate arrival in Witten for refugees and immigrants and to give help in all situations of life". We and our club sisters take special care of women and girls who want to build up a new life in our city with the support of our "Help-Kiosk". For further information see: www.help-kiosk.de

Please direct donations to: Foederverein Soroptimist International Witten Ruhr e.V.
Sparkasse Witten
IBAN: DE03 4525 0035 0000 6865 68 / BIC WELADED1WTN
Purpose: Charter SI-Club Witten-Ardey i.Gr. – Help Kiosk

Cultural Programme

Geocaching

An "Instructor" is guiding us after a short introduction in groups of 10 persons to interesting points in the centre of Witten. Together we are looking for caches and get to know more about the history of Witten.

Lechner Hof

The famous Witten artist Christel Lechner delivers insights into the creation of her "Ordinary People". On her farmyard we see group installations as well as corpulent individual sculptures.

Coal mine Nachtigall

"Auf Nachtigall" we see the typical mining work after 1945 in a real coal mine. With hardhat and safety lamp we learn about the hard working conditions of that time and try to work with jackhammer and air hammer.

Registration

In order to guarantee a smooth procedure we ask you for early registration (preferred via email resp. our homepage) and bank transfer of the charter amount. Closing date is August 7th, 2015. Due to limitation of participants registrations are dealt with in the order of arrival of incoming payments.

Registration is only binding after our confirmation of receipt of payment.
